FOREWORD

The genuine dispersal sale at Woodthorpe Hall Farm arises as a result of the retirement of Mr Robert Boden who has farmed the holding trading as Woodthorpe Hall Farm for 36 years.

Virtually all the machinery has been barn stored and Mr Boden is known for his careful attention to maintenance and up keep.

The **Kuhn Power Harrow, 2 lfor Williams trailers, Haybob, Roller, McHale Wrapper** and **Bailey** trailer have all been owned from new and perusal of the catalogue will reveal that several items have undertaken little work with both John Deere tractors having excellent tyres and little hours for their year of manufacture.

Purchasers should attend and bid with confidence at this excellent dispersal sale as the farm has already been re-let.

Health & Safety at Work Act 1974

It is expressly brought to the bidders attention that at the time of sale, items of plant, machinery and equipment may not necessarily comply with the requirements of the Health & Safety at Work Act 1974, and its' associated regulations, governing the use of plant, machinery, and equipment at work.

Whilst Bagshaws take all reasonable steps to ensure the integrity of sale items, or make bidders aware of any known defects, anyone purchasing an item must ensure it is safe, and complies with all relevant regulatory requirements, before it is used in a work environment.
